

Trial Lessons

TRIAL LESSONS

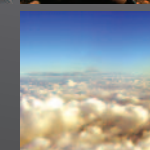

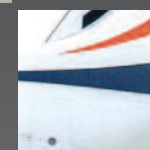

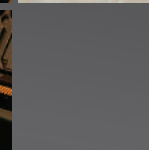

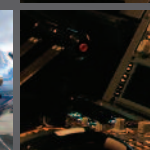

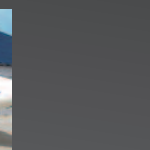

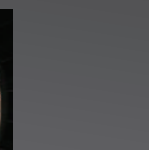

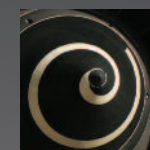

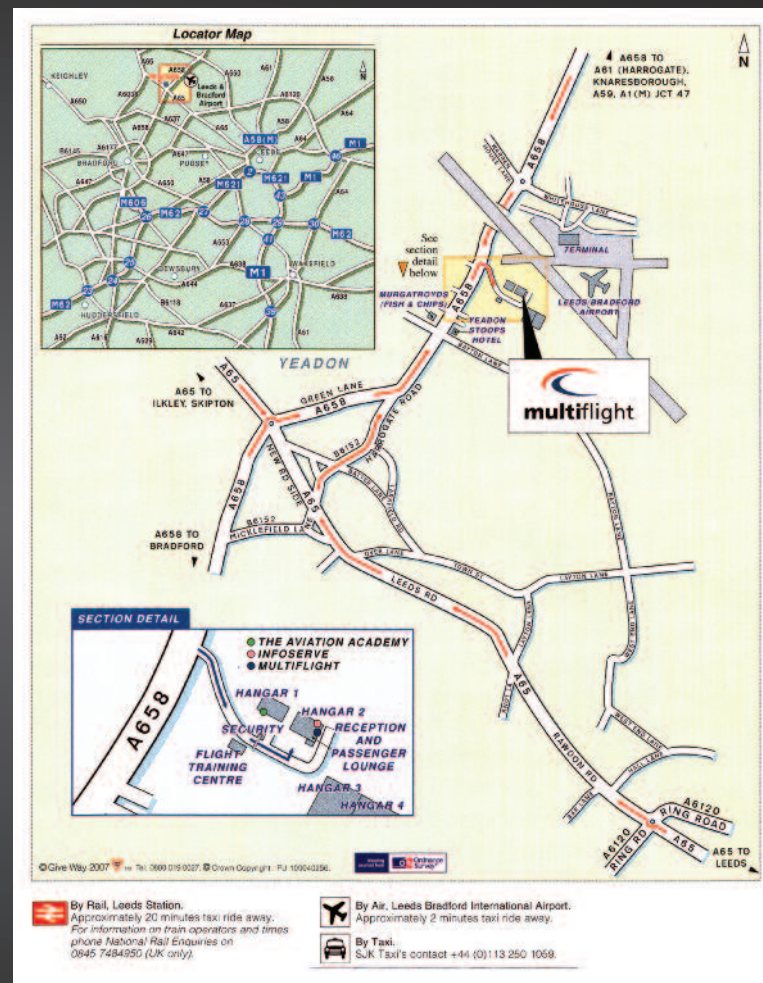

A trial flying lesson in either an aeroplane or a helicopter is a great way to experience the freedom of flight first hand.

At Multiflight you can enjoy a trial flight in a Robin 200, Cessna 152 or Piper PA28 aeroplane, or in a Robinson R22 or R44 helicopter.

Call us at the Multiflight Flight Training Centre on 0113 23 87 130 or visit our website multiflight.com to book your trial flying lesson.

Free Introductory Aviation Evening

INTERESTED IN LEARNING TO FLY?

Want to know more about flying before committing to a training programme and spending any money? If the answer to these questions is yes you should come along to Multiflight's free Introductory Aviation Evening held on the first Monday of every month at 7pm at the Multiflight Flight Training Centre at Leeds Bradford International Airport.

The evening is aimed at anyone with an interest in learning to fly: whether you want to take to the skies solely for pleasure or to realise your ambition to become a commercial helicopter or airline pilot.

The evening's aim is to remove the mystery and apprehension associated with taking your first step towards learning to fly and also for those of you who already hold a Private Pilot's Licence and are considering a career in aviation.

Please come along and meet the Multiflight team and get the answers to all your questions.

Just ask at Reception for availability or call us on 0113 2387130.

WE LOOK FORWARD TO SEEING YOU SOON!

"Flight training at Multiflight is the most enjoyable and exhilarating thing I have ever done."

Multiflight PPL student Richard Wheatley.

"I can honestly say that nothing I have seen comes close to flight training at Multiflight: I have recommended Multiflight to friends who have been equally impressed."

Multiflight PPL, CPL and IR student Andrew Binns.
